

## Specification Sheet

|                          |                                      |
|--------------------------|--------------------------------------|
| Product Name:            | <b>Dihydroxyfumaric acid hydrate</b> |
| Specifications & Purity: | 10mM in DMSO                         |
| SKU #                    | <b>D422432-1ml</b>                   |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Concentration       | 9-11 (mmol/L)         |
| Proton NMR spectrum | Conforms to Structure |
