## Specification Sheet

|                          |                                           |
|--------------------------|-------------------------------------------|
| Product Name:            | <b>DL-Nicotine-(methyl-d<sub>3</sub>)</b> |
| Specifications & Purity: | ≥99 atom% D, ≥98%                         |
| SKU #                    | <b>D474156</b>                            |

| Parameter                  | Limit Values          |
|----------------------------|-----------------------|
| Isotopic purity (Atom % D) | 99-100 (%)            |
| Purity(HPLC area)          | 98-100 (%)            |
| Proton NMR spectrum        | Conforms to Structure |
