## Specification Sheet

|                          |                                                |
|--------------------------|------------------------------------------------|
| Product Name:            | <b>4,5-Dibromo-2-phenylpyridazin-3(2H)-one</b> |
| Specifications & Purity: | ≥96%                                           |
| SKU #                    | <b>D696315</b>                                 |

| Parameter                | Limit Values            |
|--------------------------|-------------------------|
| Purity(HPLC)             | 96-100 (%)              |
| Appearance(D696315)      | Yellow to brown (Solid) |
| LC-MS for identification | Conforms                |
| Proton NMR spectrum      | Conforms to Structure   |
