## Specification Sheet

|                          |                                 |
|--------------------------|---------------------------------|
| Product Name:            | <b>2,3-Dimethoxyquinoxaline</b> |
| Specifications & Purity: | ≥97%                            |
| SKU #                    | <b>D696655</b>                  |

| Parameter                | Limit Values               |
|--------------------------|----------------------------|
| Appearance(D696655)      | White to off-white (Solid) |
| Purity(HPLC)             | 97-100 (%)                 |
| LC-MS for identification | Conforms                   |
| Proton NMR spectrum      | Conforms to Structure      |
