## Specification Sheet

|                          |                                            |
|--------------------------|--------------------------------------------|
| Product Name:            | <b>3,6-Difluoropyrazine-2-carbonitrile</b> |
| Specifications & Purity: | ≥95%                                       |
| SKU #                    | <b>D730849</b>                             |

| Parameter                | Limit Values                           |
|--------------------------|----------------------------------------|
| Appearance(D730849)      | White to Light yellow to brown (Solid) |
| Purity(HPLC)             | 95-100 (%)                             |
| Proton NMR spectrum      | Conforms to Structure                  |
| GC-MS for identification | Conforms                               |
