## Specification Sheet

|                          |                                                     |
|--------------------------|-----------------------------------------------------|
| Product Name:            | <b>2,6-Diphenyldithieno[3,2-b:2',3'-d]thiophene</b> |
| Specifications & Purity: | ≥95%                                                |
| SKU #                    | <b>D998639</b>                                      |

| Parameter                    | Limit Values          |
|------------------------------|-----------------------|
| Proton NMR spectrum          | Conforms to Structure |
| Purity(As C)                 | 95-100 (%)            |
| Sulfur by Elemental Analysis | 25.69-28.15 (%)       |
