## Specification Sheet

|                          |                                  |
|--------------------------|----------------------------------|
| Product Name:            | <b>2-Ethoxy-3-methylpyrazine</b> |
| Specifications & Purity: | 98% (isomeric mixture)           |
| SKU #                    | <b>E156373</b>                   |

| Parameter                   | Limit Values                               |
|-----------------------------|--------------------------------------------|
| Purity(NonaqueousTitration) | 97.5-102.5 (%)                             |
| Appearance(E156373)         | Colorless to Almost colorless clear liquid |
| Proton NMR spectrum         | Conforms to structure                      |
| Purity(GC)(Mixture)         | 98-100 (%)                                 |
