## Specification Sheet

|                          |                                     |
|--------------------------|-------------------------------------|
| Product Name:            | <b>Eravacycline dihydrochloride</b> |
| Specifications & Purity: | Moligand™, ≥98%                     |
| SKU #                    | <b>E302416</b>                      |

| Parameter                | Limit Values                 |
|--------------------------|------------------------------|
| Purity(HPLC)             | 98-100 (%)                   |
| Appearance(E302416)      | Light yellow to yellow solid |
| LC-MS for identification | Conforms                     |
| Proton NMR spectrum      | Conforms to Structure        |
