

## Specification Sheet

|                          |                                           |
|--------------------------|-------------------------------------------|
| Product Name:            | <b>Ezetimibe Tetrahydropyran Impurity</b> |
| Specifications & Purity: | 98%                                       |
| SKU #                    | <b>E357349</b>                            |

| Parameter           | Limit Values                       |
|---------------------|------------------------------------|
| Appearance(E357349) | White to off-white solid or powder |
| NMR Spectrum 1H     | Conforms to Structure              |
| Purity(HPLC area)   | 98-100 (%)                         |
