

## Specification Sheet

|                          |                                                 |
|--------------------------|-------------------------------------------------|
| Product Name:            | <b>Ethane-1,2- diammonium tetrafluoroborate</b> |
| Specifications & Purity: | 98%                                             |
| SKU #                    | <b>E494060</b>                                  |

| Parameter             | Limit Values          |
|-----------------------|-----------------------|
| Purity(HPLC area)     | 98-100 (%)            |
| Fluorine NMR Spectrum | Conforms to structure |
| Proton NMR spectrum   | Conforms to Structure |
