## Specification Sheet

|                          |                                |
|--------------------------|--------------------------------|
| Product Name:            | <b>EGS Crosslinker (EGNHS)</b> |
| Specifications & Purity: | ≥96%                           |
| SKU #                    | <b>E595347</b>                 |

| Parameter                | Limit Values             |
|--------------------------|--------------------------|
| Purity(HPLC)             | 96-100 (%)               |
| Appearance(E595347)      | White to off-white solid |
| Proton NMR spectrum      | Conforms to Structure    |
| LC-MS for identification | Conforms                 |
