## Specification Sheet

|                          |                                                    |
|--------------------------|----------------------------------------------------|
| Product Name:            | <b>Ethyl 4,5-dimethyl-1H-pyrrole-2-carboxylate</b> |
| Specifications & Purity: | ≥95%                                               |
| SKU #                    | <b>E695751</b>                                     |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 95-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
