

## Specification Sheet

Product Name: **4-Fluoroindole**  
Specifications & Purity: **98%**  
SKU #: **F111476**

| Parameter                                                                            | Limit Values                           |
|--------------------------------------------------------------------------------------|----------------------------------------|
| Melting point                                                                        | 30-34 (°C)                             |
| Purity(GC)                                                                           | 98-100 (%)                             |
| Appearance (F111476)                                                                 | White to Pink to Brown Liquid or Solid |
| Proton NMR spectrum                                                                  | Conforms to Structure                  |
| Solubility in CHCL <sub>3</sub> , Colorless to Pink to Green to Brown, Clear.50mg/ml | pass                                   |
