Specification Sheet

Product Name: **Ferroceneboronic Acid (contains varying amounts of Anhydride) [Cyclic boronating reagent for GC/MS]**

Specifications & Purity: **>98.0%(HPLC)**

SKU # **F156659**

Parameter	Limit Values
Purity(HPLC)	98-100 (%)
Melting point	145-150 (°C)
Appearance (F156659)	Light Orange to Very Dark Orange Powder or Crystal
Proton NMR spectrum	Conforms to Structure
