

## Specification Sheet

|                          |                                          |
|--------------------------|------------------------------------------|
| Product Name:            | <b>5-Fluoro-2-methylbenzoyl chloride</b> |
| Specifications & Purity: | 97%                                      |
| SKU #                    | <b>F168662</b>                           |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(GC)               | 97-100 (%)            |
| NMR Spectrum 1H          | Conforms to Structure |
| GC-MS for identification | Conforms              |
