

## Specification Sheet

Product Name: **Formaldehyde solution (for vaccine)**  
Specifications & Purity: **Pharmaceutical Grade, 10% in water**  
SKU #: **F491227**

| Parameter                        | Limit Values                               |
|----------------------------------|--------------------------------------------|
| Appearance(F491227)              | Colorless or Almost Colorless clear liquid |
| Residue on Ignition              | ≤0.1 (%)                                   |
| Heavy metals                     | 0-0.0005 (%)                               |
| Iron(Fe)                         | 0-0.0005 (%)                               |
| Chloride (Cl-)                   | 0-0.001 (%)                                |
| Bacterial endotoxin( < 0.1EU/mg) | Pass                                       |
| Concentration(Formaldehyde)      | 9.0-11.0 (%)                               |
| Methanol(GC)                     | ≤0.5 (%)                                   |
