## Specification Sheet

|                          |                               |
|--------------------------|-------------------------------|
| Product Name:            | <b>3-Fluorocinnamaldehyde</b> |
| Specifications & Purity: | ≥96%                          |
| SKU #                    | <b>F731072</b>                |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 96-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
