## Specification Sheet

|                          |                 |
|--------------------------|-----------------|
| Product Name:            | <b>Goethite</b> |
| Specifications & Purity: | 30-63% Fe       |
| SKU #                    | <b>G432287</b>  |

| Parameter           | Limit Values                                          |
|---------------------|-------------------------------------------------------|
| Appearance(G432287) | Faint Yellow to Yellow or Faint Brown to Brown Powder |
| loss on Ignition    | 7-13 (%)                                              |
| X-Ray Diffraction   | Conforms to Structure                                 |
| Assay               | 30-63 (%)                                             |
