## Specification Sheet

|                          |                               |
|--------------------------|-------------------------------|
| Product Name:            | <b>2-Hydroxyethyl Acetate</b> |
| Specifications & Purity: | ≥60%(GC)                      |
| SKU #                    | <b>H156959</b>                |

| Parameter                | Limit Values                  |
|--------------------------|-------------------------------|
| Purity(GC)               | 60-100 (%)                    |
| Appearance (H156959)     | Colorless, transparent liquid |
| GC-MS for identification | Conforms                      |
| Proton NMR spectrum      | Conforms to Structure         |
