## Specification Sheet

|                          |                                                               |
|--------------------------|---------------------------------------------------------------|
| Product Name:            | <b>Heptafluoropropyl Iodide (stabilized with Copper chip)</b> |
| Specifications & Purity: | >95.0%(GC)                                                    |
| SKU #                    | <b>H157280</b>                                                |

| Parameter                           | Limit Values                                                 |
|-------------------------------------|--------------------------------------------------------------|
| Appearance(H157280)                 | Colorless to Pink to pale yellow or pale purple clear liquid |
| Purity(GC)                          | 95-100 (%)                                                   |
| Refractive index n <sub>20</sub> /D | 1.3265-1.3315                                                |
| FNMR spectrum                       | Conforms to Structure                                        |
