

## Specification Sheet

|                          |                                        |
|--------------------------|----------------------------------------|
| Product Name:            | <b>2-Hydroxy-4-amino butanoic acid</b> |
| Specifications & Purity: | 98%                                    |
| SKU #                    | <b>H181248</b>                         |

| Parameter            | Limit Values              |
|----------------------|---------------------------|
| Purity(HPLC)         | 98-100 (%)                |
| Appearance (H181248) | White to Off-White Powder |
| Proton NMR spectrum  | Conforms to Structure     |
