## Specification Sheet

|                          |                                |
|--------------------------|--------------------------------|
| Product Name:            | <b>2-Isopropylbenzenethiol</b> |
| Specifications & Purity: | ≥90%                           |
| SKU #                    | <b>I101801</b>                 |

| Parameter                | Limit Values               |
|--------------------------|----------------------------|
| Purity(GC)               | 90-100 (%)                 |
| Appearance (I101801)     | Colorless to Yellow Liquid |
| Proton NMR spectrum      | Conforms to Structure      |
| GC-MS for identification | Conforms                   |
