## Specification Sheet

|                          |                                      |
|--------------------------|--------------------------------------|
| Product Name:            | <b>Isethionic acid ammonium salt</b> |
| Specifications & Purity: | 99%                                  |
| SKU #                    | <b>I113069</b>                       |

| Parameter                           | Limit Values                         |
|-------------------------------------|--------------------------------------|
| Cl(Titration by AgNO <sub>3</sub> ) | 0-0.6 (%)                            |
| Purity                              | 99-100 (%)                           |
| Melting point                       | 138-141 (°C)                         |
| Appearance (I113069)                | White Powder, Crystals and/or Chunks |
| Infrared spectrum                   | Conforms to Structure                |
