## Specification Sheet

|                          |                                   |
|--------------------------|-----------------------------------|
| Product Name:            | <b>9H-Fluorene-9,9-dimethanol</b> |
| Specifications & Purity: | 98%                               |
| SKU #                    | <b>I136618</b>                    |

| Parameter            | Limit Values                                |
|----------------------|---------------------------------------------|
| Purity(HPLC)         | 98-100 (%)                                  |
| Appearance (I136618) | White Crystals, Powder or Crystalline Solid |
| Infrared spectrum    | Conforms to Structure                       |
| Proton NMR spectrum  | Conforms to Structure                       |
