## Specification Sheet

|                          |                                |
|--------------------------|--------------------------------|
| Product Name:            | <b>Iron(II) Phthalocyanine</b> |
| Specifications & Purity: | ≥97%(T)                        |
| SKU #                    | <b>I157719</b>                 |

| Parameter                     | Limit Values                               |
|-------------------------------|--------------------------------------------|
| Appearance (I157719)          | Green to Purple or Black Powder to crystal |
| Infrared spectrum             | Conforms to Structure                      |
| Purity(Chelometric Titration) | 96.5-103.5 (%)                             |
