

## Specification Sheet

|                          |                                                      |
|--------------------------|------------------------------------------------------|
| Product Name:            | <b>1H-Benzimidazole-5-boronic acid pinacol ester</b> |
| Specifications & Purity: | 97%                                                  |
| SKU #                    | <b>I165373</b>                                       |

| Parameter            | Limit Values                                   |
|----------------------|------------------------------------------------|
| Purity(HPLC)         | 97-100 (%)                                     |
| Melting point        | 202-206 (°C)                                   |
| Appearance (I165373) | White to off white to tan to pink powder,solid |
| Proton NMR spectrum  | Conforms to Structure                          |
