

## Specification Sheet

|                          |                                                                                                   |
|--------------------------|---------------------------------------------------------------------------------------------------|
| Product Name:            | 4-[(4-tert-Butyl-2-methylphenoxy)methyl]phenylboronic acid(contains varying amounts of Anhydride) |
| Specifications & Purity: | 95%                                                                                               |
| SKU #                    | I165751                                                                                           |

| Parameter            | Limit Values                               |
|----------------------|--------------------------------------------|
| Purity(HPLC)         | 95-100 (%)                                 |
| Melting point        | 124-137 (°C)                               |
| Appearance (I165751) | white to tan powder,crystals and/or chunks |
| Proton NMR spectrum  | Conforms to Structure                      |
