## Specification Sheet

|                          |                                      |
|--------------------------|--------------------------------------|
| Product Name:            | <b>Isobutyl Methacrylate Polymer</b> |
| Specifications & Purity: | viscosity 100.0-160.0 mPa•s          |
| SKU #                    | <b>I304907</b>                       |

| Parameter                        | Limit Values                            |
|----------------------------------|-----------------------------------------|
| Appearance (I304907)             | White to Almost white powder to crystal |
| Infrared spectrum                | Conforms to Structure                   |
| Viscosity(40 wt%, Toluene, 25°C) | 100-160 (mPa•S)                         |
