## Specification Sheet

|                          |                                     |
|--------------------------|-------------------------------------|
| Product Name:            | <b>Iron disilicide</b>              |
| Specifications & Purity: | ≥99.9% metals basis, powder,-20mesh |
| SKU #                    | <b>I476535</b>                      |

### Parameter

Appearance(I476535)

X-Ray Diffraction

ICP: Confirms Fe and Si Components

Purity(Based On Trace Metals Analysis)

Particle size

Trace Metal Analysis

### Limit Values

Dark Gray Powder

Conforms to Structure

Confirmed

99.9-100 (%)

≥20 (mesh)

0-1000 (ppm)
