## Specification Sheet

|                          |                                                   |
|--------------------------|---------------------------------------------------|
| Product Name:            | <b>Krebs-Ringer HEPES (KRH) Buffered Solution</b> |
| Specifications & Purity: | 1×, Sterilized                                    |
| SKU #                    | <b>K301871</b>                                    |

| Parameter                | Limit Values  |
|--------------------------|---------------|
| PH(25°C)                 | 7.2-7.4       |
| pH (37°C)                | 7.2-7.4       |
| Activity                 | pass          |
| Appearance(K301871Color) | Colorless     |
| Appearance (K301871Form) | Liquid        |
| Endotoxin                | 0-0.1 (EU/ml) |
