

## Specification Sheet

|                          |                                                |
|--------------------------|------------------------------------------------|
| Product Name:            | <b>Lithium tri-tert-butoxyaluminodeuteride</b> |
| Specifications & Purity: | ≥97 atom% D, ≥95%                              |
| SKU #                    | <b>L468497</b>                                 |

| Parameter                  | Limit Values          |
|----------------------------|-----------------------|
| Isotopic purity (Atom % D) | 97-100 (%)            |
| NMR Spectrum 1H            | Conforms to structure |
| Purity(HPLC area)          | 95-100 (%)            |
