

## Specification Sheet

|                          |                                                                            |
|--------------------------|----------------------------------------------------------------------------|
| Product Name:            | <b>3-Methoxyphenylboronic acid (contains varying amounts of Anhydride)</b> |
| Specifications & Purity: | 97%                                                                        |
| SKU #                    | <b>M109430</b>                                                             |

| Parameter                        | Limit Values                            |
|----------------------------------|-----------------------------------------|
| Purity(Neutralization titration) | 96.5-103.5 (%)                          |
| Melting point                    | 160-163 (°C)                            |
| Appearance (M109430)             | White to Light Beige Powder or Crystals |
| Proton NMR spectrum              | Conforms to Structure                   |
