## Specification Sheet

|                          |                                    |
|--------------------------|------------------------------------|
| Product Name:            | <b>Uniform Silica Microspheres</b> |
| Specifications & Purity: | Size:300nm,2.5% (w / v) in ethanol |
| SKU #                    | <b>M120353</b>                     |

| Parameter         | Limit Values          |
|-------------------|-----------------------|
| Particle size     | 250-350 (nm)          |
| Infrared spectrum | Conforms to Structure |
