

## Specification Sheet

|                          |                                         |
|--------------------------|-----------------------------------------|
| Product Name:            | <b>Methyl 2-Amino-3-methoxybenzoate</b> |
| Specifications & Purity: | >96.0%                                  |
| SKU #                    | <b>M158621</b>                          |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Purity(GC)          | 96-100 (%)            |
| Melting point       | 46-50 (°C)            |
| Proton NMR spectrum | Conforms to Structure |
