

## Specification Sheet

|                          |                                          |
|--------------------------|------------------------------------------|
| Product Name:            | <b>Methyl 4-methyl-4-nitropentanoate</b> |
| Specifications & Purity: | 96%                                      |
| SKU #                    | <b>M167759</b>                           |

| Parameter            | Limit Values               |
|----------------------|----------------------------|
| Purity(GC)           | 96-100 (%)                 |
| Appearance (M167759) | Colorless to Yellow Liquid |
| Proton NMR spectrum  | Conforms to Structure      |
