

## Specification Sheet

|                          |                                                                     |
|--------------------------|---------------------------------------------------------------------|
| Product Name:            | <b>3-methyl-5-(tetramethyl-1,3,2-dioxaborolan-2-yl)-1H-indazole</b> |
| Specifications & Purity: | <b>≥97%</b>                                                         |
| SKU #                    | <b>M177729</b>                                                      |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 97-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
