

## Specification Sheet

|                          |                                      |
|--------------------------|--------------------------------------|
| Product Name:            | <b>2-Methoxy-4-morpholinoaniline</b> |
| Specifications & Purity: | ≥95%                                 |
| SKU #                    | <b>M182722</b>                       |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC area)        | 95-100 (%)            |
| Proton NMR spectrum      | Conforms to Structure |
| LC-MS for identification | Conforms              |
