## Specification Sheet

|                          |                                             |
|--------------------------|---------------------------------------------|
| Product Name:            | <b>1-Methyl-3-(trifluoromethoxy)benzene</b> |
| Specifications & Purity: | ≥98%                                        |
| SKU #                    | <b>M186142</b>                              |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(GC)               |                       |
| GC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
