## Specification Sheet

|                          |                                               |
|--------------------------|-----------------------------------------------|
| Product Name:            | <b>Methyl 4-bromo-2-(bromomethyl)benzoate</b> |
| Specifications & Purity: | 98%                                           |
| SKU #                    | <b>M186616</b>                                |

| Parameter           | Limit Values                                            |
|---------------------|---------------------------------------------------------|
| Purity(HPLC)        | 98-100 (%)                                              |
| Appearance(M186616) | White to Light yellow to Light orange powder to crystal |
| Proton NMR spectrum | Conforms to Structure                                   |
| Melting point       | 77-85 (°C)                                              |
