## Specification Sheet

|                          |                                                                                                            |
|--------------------------|------------------------------------------------------------------------------------------------------------|
| Product Name:            | <b>Methanesulfonato[4,6-bis(diphenylphosphino)phenoxazine](2''-amino-1,1''-biphenyl-2-yl)palladium(II)</b> |
| Specifications & Purity: | 98%                                                                                                        |
| SKU #                    | <b>M282884</b>                                                                                             |

| Parameter                                         | Limit Values                                         |
|---------------------------------------------------|------------------------------------------------------|
| Appearance(M282884)                               | White to Green to Yellow Powder or Crystal or Chunks |
| Purity(HPLC area)                                 | 98-100 (%)                                           |
| NMR Spectrum 1H                                   | Conforms to Structure                                |
| Phosphorus NMR spectrum                           | conforms to structure                                |
| ICP:Major Analysis (Confirms Palladium Component) | Confirmed                                            |
