## Specification Sheet

|                          |                                   |
|--------------------------|-----------------------------------|
| Product Name:            | <b>Quick silver Liquid silver</b> |
| Specifications & Purity: | 3.7µg/L,for water analysis        |
| SKU #                    | <b>M397069</b>                    |

| Parameter                         | Limit Values       |
|-----------------------------------|--------------------|
| Concentration                     | 3.404-3.996 (µg/L) |
| Related expanded uncertainty(k=2) | 0-4 (%)            |
| Solvent(H <sub>2</sub> O)         | Conform            |
