## Specification Sheet

|                          |                      |
|--------------------------|----------------------|
| Product Name:            | <b>Manninotriose</b> |
| Specifications & Purity: | Moligand™, ≥95%      |
| SKU #                    | <b>M418566</b>       |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC area)        | 95-100 (%)            |
| Proton NMR spectrum      | Conforms to Structure |
| LC-MS for identification | Conforms              |
