

## Specification Sheet

|                          |                                                |
|--------------------------|------------------------------------------------|
| Product Name:            | <b>2-[(1-Methylpropyl)dithio]-1H-imidazole</b> |
| Specifications & Purity: | 10mM in DMSO                                   |
| SKU #                    | <b>M421531-1ml</b>                             |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Concentration       | 9-11 (mmol/L)         |
| Proton NMR spectrum | Conforms to Structure |
