

## Specification Sheet

|                          |                                    |
|--------------------------|------------------------------------|
| Product Name:            | <b>Mercury(II) iodide</b>          |
| Specifications & Purity: | PrimorTrace™, ≥99.99% metals basis |
| SKU #                    | <b>M433988</b>                     |

| Parameter                              | Limit Values                         |
|----------------------------------------|--------------------------------------|
| Appearance(M433988)                    | Red to red-orange powder or crystals |
| ICP:Confirms Hg Component              | Confirmed                            |
| Trace Metal Analysis                   | 0-100 (ppm)                          |
| Purity(Based On Trace Metals Analysis) | 99.99-100 (%)                        |
| X-Ray Diffraction                      | Conforms to Structure                |
