## Specification Sheet

|                          |                                        |
|--------------------------|----------------------------------------|
| Product Name:            | <b>6-Methoxy-1,5-naphthyridin-4-ol</b> |
| Specifications & Purity: | ≥97%                                   |
| SKU #                    | <b>M690614</b>                         |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 97-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
