## Specification Sheet

|                          |                                   |
|--------------------------|-----------------------------------|
| Product Name:            | <b>6-Methylnaphthalen-1-amine</b> |
| Specifications & Purity: | ≥95%                              |
| SKU #                    | <b>M730025</b>                    |

| Parameter                | Limit Values          |
|--------------------------|-----------------------|
| Purity(HPLC)             | 95-100 (%)            |
| LC-MS for identification | Conforms              |
| Proton NMR spectrum      | Conforms to Structure |
