

## Specification Sheet

Product Name: **Nickel(II) iodide**  
Specifications & Purity: anhydrous, 99.99% metals basis  
SKU #: **N104965**

| Parameter                                       | Limit Values                                     |
|-------------------------------------------------|--------------------------------------------------|
| Total Metallic Impurity                         | 0-200 (ppm)                                      |
| Ni(Gravimetric Analysis With Dimethylglyoxime)  | 18.5-19.1 (%)                                    |
| Purity(Based on Trace Metals Impurities of ICP) | 99.99-100 (%)                                    |
| Appearance (N104965)                            | Black Crystals, Powder or Granular and/or Chunks |
| ICP: Confirms Nickel Component                  | Confirmed                                        |
| X-Ray Diffraction                               | Conforms to Structure                            |
