

## Specification Sheet

|                          |                                   |
|--------------------------|-----------------------------------|
| Product Name:            | <b>N-Methyl-N-nitrosourethane</b> |
| Specifications & Purity: | ≥95.0%(GC)                        |
| SKU #                    | <b>N135222</b>                    |

| Parameter            | Limit Values                      |
|----------------------|-----------------------------------|
| Purity(GC)           | 95-100 (%)                        |
| Appearance (N135222) | light yellow to yellow-red liquid |
| Proton NMR spectrum  | Conforms to Structure             |
