## Specification Sheet

|                          |                                                                     |
|--------------------------|---------------------------------------------------------------------|
| Product Name:            | <b>N3,N3,N6,N6,9-Lead(4-methoxyphenyl)-9H-carbazole-3,6-diamine</b> |
| Specifications & Purity: | <b>≥98%</b>                                                         |
| SKU #                    | <b>N1504965</b>                                                     |

| Parameter           | Limit Values          |
|---------------------|-----------------------|
| Proton NMR spectrum | Conforms to Structure |
| Purity(As C)        | 98-100 (%)            |
