## Specification Sheet

|                          |                                                                         |
|--------------------------|-------------------------------------------------------------------------|
| Product Name:            | <b>Nitrate Nitrogen Content Assay Kit (Sulfanilamide, Micro Method)</b> |
| Specifications & Purity: | BioReagent                                                              |
| SKU #                    | <b>N1510410-100T</b>                                                    |

| Parameter                              | Limit Values                                         |
|----------------------------------------|------------------------------------------------------|
| Seal Integrity Testing                 | Conform                                              |
| Appearance (N1510410A)                 | Colorless and transparent solution, free of sediment |
| Odor (N1510410A)                       | Odorless                                             |
| Appearance (N1510410B)                 | Colorless and transparent solution, free of sediment |
| Odor (N1510410B)                       | Odorless                                             |
| Density (N1510410B) (0.96 - 1.04 g/mL) | Conform                                              |
| Appearance (N1510410C)                 | Colorless and transparent solution, free of sediment |
| Odor (N1510410C)                       | Irritating odor                                      |
| Density (N1510410C) (0.99 - 1.07 g/mL) | Conform                                              |
| Appearance (N1510410D)                 | Purple powder                                        |
